

TechMart Electronics - General User Manual

1. **Creating an Account:** Click "Sign Up" on the website or app, enter your name, email, and password, then verify your email via the OTP sent to you. Your account gives you access to order tracking, wishlists, and personalized recommendations.
2. **Placing an Order:** Browse or search for a product, select your preferred variant (color/size/storage), add to cart, and proceed to checkout. Choose a delivery address and payment method to confirm your order.
3. **Tracking Orders:** Go to "My Orders" from your account menu to see real-time status updates: Order Placed, Shipped, Out for Delivery, and Delivered. You will also get SMS and email updates at each stage.
4. **Managing Your Account:** Under "Account Settings", you can update your name, email, phone number, saved addresses, and payment methods. Password changes require verification via OTP for security.
5. **Using the Support Assistant:** Click the chat icon on any page to talk to our AI support assistant. It can help with billing questions, technical issues, product information, complaints, and general FAQs, 24/7.
6. **Wishlist and Notifications:** Add products to your wishlist by clicking the heart icon. You'll be notified of price drops and restocks for wishlisted items.
7. **Deleting Your Account:** Account deletion requests can be raised under "Account Settings" > "Delete Account". This is irreversible and will remove your order history and saved data after a 30-day grace period.
8. **Getting Help:** If the AI assistant cannot resolve your issue, it will escalate your case to a human support specialist, who will follow up within 24 hours via email or phone.
